PSC Docket No. 17-0507

(FILED MAY 30, 2017)

**NOTICE OF INTENTION TO PROPOSE REVISIONS TO FRANCHISE
AGREEMENT AND RESERVATION OF RIGHTS**

Comcast of New Castle County, LLC (“Comcast North NCC”) by and through its undersigned counsel, hereby submits notice of its intention to submit revisions to its franchise agreement in connection with its application to renew its cable television franchise and in support thereof respectfully states as follows:

1. Comcast North NCC is the current holder of a fifteen year cable television franchise issued by the Commission in November, 2005 (the “Franchise”) to provide cable television service in certain unincorporated areas of New Castle County, Delaware (the “Franchise Territory”). The Franchise is set to expire on March 31, 2020, but includes a provision granting Comcast North NCC an option to request renewal for an additional period not to exceed 15 years.

2. On May 30, 2017, Comcast North NCC filed a letter with the Commission invoking the formal procedures for renewing the Franchise pursuant to Section 626 of the Cable

Communications Policy Act of 1984 (47 U.S.C. §546(a) – (d)), but further advising of Comcast North NCC's willingness to proceed with the Application on an informal basis pursuant to 47 U.S.C. §546(h). Thereafter, on July 25, 2017, the Commission entered Order 9093 opening a docket for the Commission's consideration of the possible renewal of the Franchise, and on September 14, 2017 issued Order 9115, providing that Comcast North NCC may submit a proposal for renewal of the franchise to the Commission pursuant to 47 U.S.C. § 546(h) on or before October 23, 2017.

3. As drafted, Comcast North NCC understands that formal submission of a proposal for renewal is not required at this time, but is purely permissive on the company's part. Further, Comcast understands that revisions may be made to its franchise agreement as part of the franchise renewal process and hereby reserves its right to propose revisions to its franchise agreement in connection therewith.
